

Bulletin 2020-11

April 15, 2020

Additional Information for Industry During COVID-19 Pandemic Response

On April 9, 2020, we issued [Bulletin 2020-10: Relief for Industry During COVID-19 Pandemic Response](#), explaining how two ministerial orders apply to parties regulated by the Alberta Energy Regulator.

In response to questions from stakeholders, we have created a webpage providing clarification and listing exemptions under these orders (Providing Information > News and Announcements > Announcements > [“Relief for Industry During Covid-19 Pandemic Response”](#)). This page will be updated as necessary.

If you have questions regarding the information on this new page, please contact Industry.Relief@aer.ca.
