

# Notice

## Frontier Oil Sands Mine Project Joint Review Panel

### Teck Resources Ltd. • Frontier Oil Sands Mine Project

The Joint Review Panel (the Panel) established to review the proposed Frontier Oil Sands Mine Project (the Project) and conduct an assessment of the environmental effects of the Project has determined that the proponent, Teck Resources Ltd. (Teck), has provided sufficient information for the Panel to hold a public hearing for the Project. This notice is a summary of how to request to participate in the hearing.

### The hearing

A hearing will be scheduled to consider the Project, which includes the construction, operation and reclamation of an oil sands surface mine with a production capacity of about 41 300 m<sup>3</sup>/day (260,000 barrels per day) of bitumen. The Project is located in northeastern Alberta, approximately 110 kilometres north of Fort McMurray.

### Information about the hearing

All documents related to the Notice of Hearing, the Project and the EIA are available on the Canadian Environmental Assessment Registry at [canada.ca/ceaa-registry](http://canada.ca/ceaa-registry), reference number 65505. To view materials in person or for information on AER procedures, contact the hearing coordinator, Tara Wheaton.

### Participation

If you have an interest in the Project and wish to file a submission, submit evidence, participate or make a statement at the hearing, and have not already been given participation rights by the Panel, you must file a written request to participate in the hearing by **noon MDT June 22, 2018**. Detailed information on how to request to participate and what should be included in a request is contained in the Notice of Hearing.
