Reporting Requirements Associated with an Ethane Removal Permit

A monthly ethane removal permit statement must be completed for each permit and filed electronically with the ERCB by midnight on the 28th day of the month following the data month. The data month is the month when the ethane is delivered. If the 28th is not a business day, the deadline falls on the next business day. The form must be completed and filed for each permit even if no ethane has been removed. Detailed reporting instructions are set out in *Bulletin 2006-42: Gas Removal Data System Compliance Process*, available on the ERCB Web site <a href="https://www.ercb.ca">www.ercb.ca</a>. Questions on reporting may be directed to the ERCB Economics Department at 403-297-5836.
