Coal Mine Atlas Operating and Abandoned Coal Mines in Alberta

Disclaimer: The abandoned coal mine information is for informative purposes and represents the best data available to the AER at this time but its accuracy cannot be guaranteed. The AER is not responsible for damages caused by the use of this information. In cases where there is a discrepancy between the coal mine data listing and the coal mine map, consider the coal mine data listing to be the most accurate.

Location S. -Tp. -R. M.	Location Tp. M. R. S.	Mine No.	Mine Name	Mine Company	T	S	Lifespan From To		Prod. (k tonnes)	Rank ASTM	Depth (m)	Thick (m)	Comments
02-001-16W4	00141602	1293	Red Creek	Harwood and Noble	UG	A	1929	1930	0	SA	-	1.1	Reported to be a slope prospect tunnel.
28-001-22W4	00142228	0826	Miller's	William Oscar Miller	UG	A	1919	1923	2	HC	39.6	1.6	
09-001-25W4	00142509	0284	Big Chief	Big Chief Coal Mining Co. Ltd.	UG	A	1911	1913	0	HV	-	-	Slope tunnel driven 131 meters. Department of Mines and Resources (1949) identified coal workings near this location.
22-001-25W4	00142522	0311	Coal Canyon	Giles and Hanning	UG	A	1911	1913	< 0.1	HV	-	-	Tunnel driven 15.2 meters. Department of Mines and Resources (1949) identified coal workings near this location.
15-001-26W4	00142615	0855	Boundary Creek	Henry Noble	UG	A	1920	1925	6	HV	76.2	1.7

Coal Mine Atlas Operating and Abandoned Coal Mines in Alberta

Disclaimer: The abandoned coal mine information is for informative purposes and represents the best data available to the AER at this time but its accuracy cannot be guaranteed. The AER is not responsible for damages caused by the use of this information. In cases where there is a discrepancy between the coal mine data listing and the coal mine map, consider the coal mine data listing to be the most accurate.

Coal Mine Atlas Operating and Abandoned Coal Mines in Alberta

Disclaimer: The abandoned coal mine information is for informative purposes and represents the best data available to the AER at this time but its accuracy cannot be guaranteed. The AER is not responsible for damages caused by the use of this information. In cases where there is a discrepancy between the coal mine data listing and the coal mine map, consider the coal mine data listing to be the most accurate.

Coal Mine Atlas Operating and Abandoned Coal Mines in Alberta

Disclaimer: The abandoned coal mine information is for informative purposes and represents the best data available to the AER at this time but its accuracy cannot be guaranteed. The AER is not responsible for damages caused by the use of this information. In cases where there is a discrepancy between the coal mine data listing and the coal mine map, consider the coal mine data listing to be the most accurate.
